

## TAP IT

If you've outgrown your keg-sized consumption of beer, the new Table Tapper offers a bit more sophistication, while keeping the suds cool for up to 30 minutes. The cylinder stands three feet tall and dispenses up to 116 ounces of beer or mixed drinks at a time — more than double the servings of a standard pitcher. The tap handle can be customized with a last name or favorite sports team. It's marked down to \$89 from \$99 through Dec. 17, so get your holiday shopping done early.
